- 21st June Father's Day

“Environment Day” (5th june)

Dear Parents,

“Nature is the best teacher”

On the occasion of Environment Day (5th June), we encourage our little learners to develop love and care for nature. Kindly help your child water the plants at home and make them understand the importance of plants in our lives.

Please click a photo of your child while doing the activity and share it with the class teacher.

“Father’s Day Activity”(21st june)

* On 21st June, our students will celebrate Father's Day with great joy and love. Students will make a beautiful Father's Day card and speak a few lines about their father to express their feelings and gratitude. We kindly request you to record a short video of your child while performing the activity and share it with the class teacher. Your support and participation are highly appreciated.
